Breaking Barriers So Every Child Can Thrive

Family First Children's Foundation is a 501(c)(3) nonprofit founded by therapists and parents to help local **children with disabilities** access the therapy, equipment, and opportunities they need to thrive.

Why We Exist

Even with health insurance, many families face overwhelming costs while trying to provide their child with medically necessary care.

- **High deductibles and co-pays** quickly add up for children requiring multiple therapy sessions each week.
- **Insurance often limits therapy visits or denies coverage** for services and equipment that children need.
- Adaptive **equipment** such as wheelchairs, communication devices, orthotics, and specialized seating **can cost hundreds or even thousands of dollars.**

How We Help

Through the generosity of our community, Family First Children's Foundation helps local families by:

- Providing scholarships for **essential therapy services**, including physical, occupational, speech, as well as intensive therapy.
- Covering the cost of **medical and adaptive equipment**, including AAC devices, wheelchairs, standers, and medical strollers
- Funding **small home modifications** that improve a child's independence, safety, and quality of life.

In 2025, we raised over \$34,000 to support children and families in **Hillsborough & Pasco Counties.**

This Year We're Hoping to Make an Even Bigger Impact!
